

### Correction Note

“Biography of Morris H. DeGroot,” 1991, Vol. 6, 4–14.

The editorial style of *Statistical Science* is not to list the names of editors of encyclopedias and dictionaries. However, in the bibliography of Morris H. DeGroot’s works, the editors of one encyclopedia were inadvertently listed while the editors of another encyclopedia were not. In the interest of fairness, please note that in items 54, 62, 73, 83, 90 and 95, the Editors-in-Chief and Executive Editor of the *Encyclopedia of Statistical Science* are S. Kotz, N. L. Johnson and C. B. Read.
