ERRATUM TO
THE GEOMETRY AND TOPOLOGY OF QUOTIENT VARIETIES OF TORUS ACTIONS

YI HU

This is to correct a misprint in Theorem 2.2. On page 159, line 11, the first sentence

"Then f is an isomorphism of $\mathcal{U}_r(M)/H, \ldots$"

should read

"Then f is an isomorphism off $\mathcal{U}_r(M)/H, \ldots$".
