Toyonori KATO: *Structure of Left QF-3 Rings*

Page 479, line 25: For "so" read "so".

Page 480, line 8: For " ${}_S\mu \rightarrow {}_S V$, ${}_S U \rightarrow {}_S S$, and" read " ${}_S U \rightarrow {}_S V$ and $f: {}_S U \rightarrow {}_S S$, and"

" lines 14–18: Replace these lines with the following:

(1) Q is not only the maximal left, but also a right quotient ring of R and $R=Q$ if and only if $\text{dom. dim}^{(4)} {}_R R \geq 2$.

(2) ${}_R R e$ is dominant if and only if V_T is lower distinguished with $T = \text{End}({}_S V)$.

(3) fR_R is injective if and only if ${}_S U$ is linearly compact.

Page 482, line 21: For "FQ-3" read "QF-3".

" line 26: For "self-injecitve" read "self-injective".

" footnote 8): For " P " read " P_R ".
