Abstracts must be in the hands of Associate Secretary J. W. Green, University of California at Los Angeles, Los Angeles 24, Calif., not later than May 15.

CAMBRIDGE, MASSACHUSETTS, MASSACHUSETTS INSTITUTE OF TECHNOLOGY, July 29-31, 1948.

The program for the second symposium on applied mathematics of the American Mathematical Society, on the subject *Electromagnetic theory*, is being arranged by the Society's Committee on Arrangements for the Symposium. Cosponsors for this Symposium will be the American Institute of Physics and the Institute of Radio Engineers. To avoid congestion of the program and leave ample time for discussions, the formal program will consist of invited papers of 20 or 40 minutes. Programs and information regarding accommodations will be mailed to all members of the Society early in July. Others who wish to receive this material are requested to write to Associate Secretary T. R. Hollcroft, American Mathematical Society, 531 West 116th St., New York 27, N. Y.

SUMMER MEETING: MADISON, WISCONSIN, September 7-10, 1948.

Abstracts must be in the hands of Associate Secretary R. H. Bruck, North Hall, University of Wisconsin, Madison 6, Wis., not later than August 3. The Colloquium Lectures on *Representations of groups and rings* will be given by Professor Richard Brauer. By invitation of the Committee to Select Hour Speakers for Annual and Summer Meetings, there will be an address by Professor J. W. T. Youngs.

J. R. KLINE, *Secretary of the Society*
