

HAVE YOU COMPLETED THE QUESTIONNAIRE
of the
MATHEMATICS AND STATISTICS SECTION
of the
NATIONAL REGISTER OF
SCIENTIFIC AND TECHNICAL PERSONNEL?

At the request of the National Science Foundation, the American Mathematical Society has mailed the 1964 reporting forms to its section in the National Register. The main objective of the Register is to provide up-to-date information on the scientific manpower resources of the United States. It is also increasingly valuable to our profession as a source of statistical information.

We are counting again on the splendid cooperation accorded to the previous cycle of the Register by most of the mathematicians and mathematical scientists.

If you received a National Register questionnaire from the Society, won't you please fill it in now and send it to the Headquarters Offices of the Society at 190 Hope Street, Providence, Rhode Island 02906?

If you have never received a questionnaire and feel that you are qualified for inclusion in the Register, please drop us a note to that effect at the above address.

GORDON L. WALKER
Executive Director
