

THE APRIL MEETING IN MONTEREY

The seven hundred twenty-fourth meeting of the American Mathematical Society was held at the Naval Postgraduate School, Monterey, California, on Saturday, April 19, 1975. There were 86 registrants, including 70 members of the Society.

By invitation of the Committee to Select Hour Speakers for Far Western Sectional Meetings, there were two invited hour addresses. Professor Kennan T. Smith of Oregon State University lectured on *Practical and mathematical aspects of the problem of reconstructing objects from x-rays*. Professor Smith was introduced by Professor Hans J. Bremermann. Professor Isaac Namioka of the University of Washington lectured on *Some topological questions related to Banach spaces*; he was introduced by Professor William F. Donoghue, Jr.

There were three regularly scheduled sessions of contributed ten-minute papers and a session of late papers. These sessions were chaired by Professors Craig Comstock, Vladimir Drobot, Glenn A. Stoops, Carroll O. Wilde. Local arrangements were handled by Professor Alan Shorb.

THE JUNE MEETING IN PULLMAN

The seven hundred twenty-fifth meeting of the American Mathematical Society was held at Washington State University in Pullman, Washington, on Saturday, June 21, 1975. The Mathematical Association of America and the Society for Industrial and Applied Mathematics held Northwest Sectional Meetings in conjunction with this meeting of the Society. There were 93 registrants including 53 members of the Society.

By invitation of the Committee to Select Hour Speakers for Far Western Sectional Meetings, there were two invited addresses. Professor Theodore E. Harris of the University of Southern California lectured on *Some results on Markov interaction processes*. He was introduced by Professor Sam G. Saunders. Professor David W. Barnette of the University of California at Davis gave a lecture entitled *From convex polytopes to manifolds*. Professor Barnette was introduced by Professor Victor L. Klee, Jr.

There were three sessions of contributed ten-minute papers. They were chaired by Professors Daniel G. Lamet, Merle E. Manis and Steven M. Simmons.

Local arrangements were handled by Professor Duane W. DeTemple.
