Erratum

On the Measure of the Spectrum
for the Almost Mathieu Operator

J. E. Avron[1], P. van Mouche[2], and B. Simon[3]

There is a systematic factor of 2 error in the discussion and example on pp. 105/106. The factor of 2 on the right-hand side of Eqs. (2.1), (2.2), and (2.3) on p. 105 should be dropped. On p. 106, the factor of 2 in Eq. (2.5) and in the first centered equation after that should also be dropped. In Proposition 4, the first equation in braces should have the 3 replaced by 2, and the first plus sign replaced by a minus sign. The second equation in the brace should have the 2 replaced by 1. The limits at the end of Proposition 4 should be adjusted accordingly. In the proof of the proposition, the two places that 2λ appear should be replaced by λ.

The authors should like to thank Yoram Last for pointing out these errors.
