A guide for ambitious professionals

From the reviews:

"This is one of those books that you cannot put down once you have started to look in it. It is a book that I wish had been available many years ago when, as a young newly appointed scientific manager, I was struggling with a mass of new ideas, rules, procedures, etc.: it would have saved me (and, no doubt, some of those I was managing) a great many headaches.

... **Managing Creativity in Science and High-Tech** bears proof of his (i.e. Kay's) vast experience in managing scientific and technological research and development. Many of his ideas will cause not a few eyebrows to be raised: 'Employees have a right to know where they stand'; 'In the world of hi-tech, women are underrepresented'; 'The need for praise and recognition is never fully satisfied'; 'Don't compete with the people you manage'.

Some other findings in the book might with advantage be adopted by many an organisation: 'Bureaucracy is the antithesis of creativity. In a hi-tech environment where creativity is to be nurtured, introduction or change of any administrative procedure should be subject to line management concurrence' and 'Be adamant in rejection of procedures that are defended purely on the basis of their long-lived existence. Creativity can only flourish in an environment that allows for change'.

The book is an absolute must for all engaged in the hi-tech industry, university and government laboratories, and engineers and scientists in, or moving to, administrative positions."

100 offprints of each article will be supplied to the author free of charge and additional copies may be obtained at cost price if ordered before the issue goes to press.

Subscription Information. Vols. 142—149, (3 issues each) will appear in 1992. **North America.** Recommended annual subscription rate: US \$ 2887.00, single issue price \$ 142.00 including carriage charges. Subscriptions are entered with prepayment only. Orders should be addressed to: Springer-Verlag New York Inc., Service Center Secaucus, 44 Hartz Way, Secaucus, NJ 07094, USA, Telephone (201) 348-4033, Telex 023 125994, FAX (201) 348-4505. Members of the International Association of Mathematical Physics (IAMP) are entitled to receive the journal strictly for their own personal use at a special reduced rate. The orders must be placed through the IAMP. **Other Countries.** Recommended annual subscription rate: DM 4992.00, plus carriage charges. (Federal Republic of Germany: DM 66.77 incl. value added tax; all other countries: DM 103.20 except for the following countries to which SAL delivery (Surface Airmail Lifted) is mandatory: Japan DM 232.80, India DM 175.20, Australia/New Zealand DM 264.00. Airmail delivery to all other countries is available upon request. Volume price: DM 624.00, single issue price: DM 249.60 plus carriage charges. Orders for all countries except North America can either be placed with your bookdealer or sent directly to: Springer-Verlag, Heidelberger Platz 3, 1000 Berlin 33. Tel. 0 30/82 07-1, Telex 01 83 319, FAX (0) 30/821 4091. **Changes of Address:** Allow six weeks for all changes to become effective. All communications should include both old and new addresses (with Postal Codes) and should be accompanied by a mailing label from a recent issue. According to § 4 Sect. 3 of the German Postal Services Data Protection Regulations, if a subscriber's address changes the German Federal Post Office can inform the publisher of the new address even if the subscriber has not submitted a formal application for mail to be forwarded. Subscribers not in agreement with this procedure may send a written complaint to Springer-Verlag's Berlin office within 14 days of publication of this issue. **Back Volumes.** Prices are available on request. **Microform:** Microform editions are available from: University Microfilms International, 300 N. Zeeb Road, Ann Arbor, MI 48106, USA.
