

Journals Published by the American Mathematical Society

Bulletin of the American Mathematical Society

This journal is the official organ of the Society. It reports official acts of the Society and the details of its meetings, with abstracts of all research papers presented. It contains some of the officially invited addresses presented before the Society. It contains also announcements and notes on matters of current interest, and reviews of advanced mathematical books.

The subscription price is \$7.00 per annual volume of six numbers.

Invited addresses offered for publication should be sent to G. B. PRICE, 215 Strong Hall, University of Kansas, Lawrence, Kan.; other articles to W. T. MARTIN, Room 2-255, Massachusetts Institute of Technology, Cambridge 39, Mass.; book reviews to R. P. BOAS, JR., Lunt Hall, Northwestern University, Evanston, Ill.; and items for Notes to the BULLETIN OF THE AMERICAN MATHEMATICAL SOCIETY, 80 Waterman St., Providence 6, R.I. All other communications to the editors should be addressed to the Managing Editor, G. B. PRICE, 215 Strong Hall, University of Kansas, Lawrence, Kan.

Proceedings of the American Mathematical Society

This journal is devoted entirely to research in pure and applied mathematics, and is devoted principally to the publication of original papers of moderate length.

The subscription price is \$11.00 per annual volume of six numbers.

Papers in algebra and theory of numbers should be sent to NATHAN JACOBSON, Leet Oliver Memorial Hall, Yale University, New Haven 11, Conn.; in analysis to A. C. SCHAEFFER, University of Wisconsin, Madison 6, Wis.; in other fields to G. A. HEDLUND, Institute for Advanced Study, Princeton, N. J. All other communications to the editors should be addressed to the Managing Editor, G. A. HEDLUND, Institute for Advanced Study, Princeton, N. J.

Transactions of the American Mathematical Society

This journal is devoted entirely to research in pure and applied mathematics, and includes in general longer papers than the PROCEEDINGS.

Normally two volumes of three numbers each are published annually. The subscription price is \$6.00 per (semi-annual) volume of three numbers.

Papers in algebra, number theory, logic and foundations should be sent to SAUNDERS MACLANE, University of Chicago, Chicago 37, Ill.; in probability, theory of measure, real variables to J. L. DOOB, Department of Mathematics, University of Illinois, Urbana, Ill.; other papers in analysis and applied mathematics to L. V. AHLFORS, Department of Mathematics, Harvard University, Cambridge 38, Mass.; in geometry and topology to HERBERT BUSEMANN, University of Southern California, Los Angeles 7, Calif. All other communications to the editors should be addressed to the Managing Editor, J. L. DOOB, Department of Mathematics, University of Illinois, Urbana, Ill.

Memoirs of the American Mathematical Society

This series is devoted to the publication of research monographs in pure and applied mathematics. The memoirs are issued serially, but not periodically. Each issue consists of either a single monograph or a group of cognate papers and is priced separately according to size and cost of publication. The editorial standards for acceptance are the same as for the TRANSACTIONS and manuscripts intended for publication should be submitted to the appropriate editor of the TRANSACTIONS.

Mathematical Reviews

This journal contains abstracts and reviews of the current mathematical literature of the world. It is sponsored by thirteen mathematical organizations, located both in the United States and abroad.

MATHEMATICAL REVIEWS is published monthly, excepting July. The subscription price is \$20.00 per annual volume of eleven numbers.

OFFICIAL COMMUNICATIONS

MEETINGS OF THE SOCIETY

Abstracts for all meetings of the Society should be sent to the American Mathematical Society, 80 Waterman St., Providence 6, R.I.

ANNUAL MEETING: BALTIMORE, MARYLAND, December 28–31, 1953.

Abstracts must have been received not later than November 14. The Gibbs Lecture, entitled *Mathematics in economics*, will be delivered by Professor Wassily Leontieff. By invitation of the Committee to Select Hour Speakers for Annual and Summer Meetings, there will be an address by Professor D. V. Widder entitled *Convolution transforms*, and an address by Professor A. D. Wallace entitled *The structure of topological semigroups*.

NEW YORK CITY, February 27, 1954.

Abstracts must be received not later than January 14. By invitation of the Committee to Select Hour Speakers for Eastern Sectional Meetings, there will be an address by Professor Armand Borel entitled *Topology of Lie groups and characteristic classes*.

NEW YORK CITY, April 23–24, 1954.

CHICAGO, ILLINOIS, April 30–May 1, 1954.

PORTLAND, OREGON, June 19, 1954.

E. G. BEGLE, *Secretary of the Society*
