ACKNOWLEDGMENT, VOLUME 9

In the Spring 1979 issue of this journal (Vol. 9 No. 2, pp. 193-196) there appeared a note titled "On the support of the Radon transform", by Stephen Andrea.

Subsequently it came to the author's attention that the result in the note, and the method of proof, do not differ essentially from Theorem 2.1 in S. Helgason, "The Radon Transform on Euclidean Spaces, Compact Two-Point Homogeneous Spaces and Grassmann Manifolds", Acta Math. 113 (1965), pp. 153-180. The present author wishes to acknowledge the priority of Professor Helgason.
