

## Correction Note

“A Conversation with Morris Hansen,” by Ingram Olkin, 1987, Vol. 2, No. 2, 162–179.

Page 169, middle of column 2: “We made a continuing consulting arrangement with a group called National Analysts, later called Westat.” This statement is incorrect. There was never any connection between Westat and National Analysts.

Page 170: The date of the picture is about 1927, not “about 1947” as printed.
