## Bulletin of the American Mathematical Society

This journal is the official organ of the Society. It reports official acts of the Society and the details of its meetings, with abstracts of all research papers presented. It contains numerous short original papers on mathematical topics, and some of the longer officially invited addresses presented before the Society. It contains also announcements and notes on matters of current interest, and reviews of advanced mathematical books.

The BULLETIN is published monthly. The price per annual volume is \$11.00. Sets of volumes are available as follows: vols. 1-36 (1894-1930), \$7.00 each; vols. 37-53 (1931-1947), \$9.00 each; vol. 54 (1948), \$11.00.

## Transactions of the American Mathematical Society

This journal is devoted entirely to research in pure and applied mathematics.

In 1949, three volumes will be published. Vol. 65 will consist of three numbers to appear in January, March and May; Vol. 66 will be published in two parts to appear simultaneously in July; Vol. 67 will consist of two numbers to appear in September and November.

Vols. 1-36 (1900-1934) consist of four numbers each. Vols. 37-64 (1935-1948) consist of three numbers each. Sets of volumes are available as follows: vols. 1-21 (1900-1920), \$7.00 each; vols. 22-32 (1921-1930), \$8.00 each; vols. 33-36 (1931-1934), \$9.00 each; vols. 37-64 (1935-1948), \$6.00 each.

## Mathematical Reviews

This journal contains abstracts and reviews of the current mathematical literature of the world. It is sponsored jointly with the Society by such organizations as the Mathematical Association of America, the Institute of Mathematical Statistics, the London Mathematical Society, the Argentine Mathematical Union, the Edinburgh Mathematical Society, etc.

The publication of MATHEMATICAL REVIEWS was begun in 1940. There are eleven issues a year and the price per annual volume is \$13.00. Orders for complete volumes only are accepted.
