BULLETIN (New Series) of the American Mathematical Society

Volume 1 (1979) of the New Series contains articles of the types listed below. Information on Manuscript, Proof and Copying can be found at the back of this issue of the journal.

RESEARCH-EXPOSITORY PAPERS

These are by definition papers which present a clear and insightful exposition of significant aspects of contemporary mathematical research. Gibbs lectures and retiring presidential addresses will be included in this section. Manuscripts should be submitted to Professor Felix Browder, Department of Mathematics, University of Chicago, 5734 University Avenue, Chicago, Illinois 60637.

RESEARCH ANNOUNCEMENTS

The purpose of this department is to provide quick publication of new and significant results of interest to mathematicians. Collectively, the editorial board for research announcements will choose approximately fifteen papers for each issue of the BULLETIN. The deadlines for submission are August 15 for the January issue, October 1 for the March issue, December 1 for the May issue, February 1 for the July issue, April 1 for the September issue and June 1 for the November issue. Announcements are limited to 125 typed lines of 70 spaces each. Authors should send five copies of each manuscript (to speed the decision process) to I. M. Singer, Executive Editor for Research Announcements, Department of Mathematics, Evans Hall, University of California, Berkeley, California 94720. Authors are requested to include an introductory paragraph intelligible to the nonexpert stating the nature and significance of their results. Sketches and/or ideas of proof must be included.

REVIEWS OF BOOKS ON ADVANCED MATHEMATICS

Book Reviews should be sent to Professor Meyer Jerison, Department of Mathematics, Purdue University, West Lafayette, Indiana 47907.
