

Contents

| | |
|--|-----|
| M. M. ALI, J. WOO and S. NADARAJAH | |
| Some skew symmetric inverse reflected distributions | 1 |
| H. M. SAMAWI and M. PARARAI | |
| On the optimality of bivariate ranked set sample design for the matched pairs sign test | 24 |
| J. MERCY and M. KUMARAN | |
| Estimation of the generalized lambda distribution from censored data | 42 |
| N. T. DUNG and T. H. THAO | |
| An approximate approach to fractional stochastic integration and its applications | 57 |
| C. A. R. DINIZ, M. H. TUTIA and J. G. LEITE | |
| Bayesian analysis of a correlated binomial model..... | 68 |
| V. T. BEENA and M. KUMARAN | |
| Measuring inequality and social welfare from any arbitrary distribution | 78 |
| L. E. B. SALASAR, J. G. LEITE and F. LOUZADA-NETO | |
| A generalized negative binomial distribution based on an extended Poisson process | 91 |
| M. DE CASTRO, V. G. CANCHO and J. RODRIGUES | |
| A note on a unified approach for cure rate models..... | 100 |
