Communications in Mathematical Physics

It is a fundamental condition that submitted manuscripts have not been, and will not be, simultaneously submitted elsewhere.

With the acceptance of a manuscript for publication the publisher acquires the sole copyright for all languages and countries.

Photographic reproduction, microform, or any other reproduction of text, figures, or tables from this journal is prohibited without permission obtained from the publisher.

100 offprints of each article will be supplied to the author free-of-charge and additional copies may be obtained at cost price if ordered before the issue goes to press.

Manuscripts may be sent to:
