## **T<sub>E</sub>X users do it with Springer macros**

If you are used to preparing your manuscripts with plain-T<sub>E</sub>X, you may be interested to hear that we have created a macro package for the layout of the journals listed here.

Articles may now be submitted as plain-T<sub>E</sub>X files using our macros. They will be phototypeset directly from your T<sub>E</sub>X-file, thus cutting down proofreading and publishing times.

The macros plus AMS fonts are available on 3.5" DOS diskettes and are free of charge.

Please order your copy by writing to

An e-mail to svserv@dhdspri6 containing *help* will provide you with info on our **mailserver**.

**Please do not forget to indicate  
the journal for which you  
are intending to submit your  
manuscript.**

L<sup>A</sup>T<sub>E</sub>X stylefiles are in preparation.
