T_EX users do it with Springer macros

If you are used to preparing your manuscripts with plain-T_EX, you may be interested to hear that we have created a macro package for the layout of the journals listed here.

Articles may now be submitted as plain-T_EX files using our macros. They will be phototypeset directly from your T_EX-file, thus cutting down proofreading and publishing times.

The macros plus AMS fonts are available on 3.5" DOS diskettes and are free of charge.

Please order your copy by writing to

An e-mail to svserv@dhdspr16 containing *help* will provide you with info on our **mailserver**.

**Please do not forget to indicate
the journal for which you
are intending to submit your
manuscript.**

L^AT_EX stylefiles are in preparation.
