

	Page
Distance spheres and Myers-type theorems for manifolds with lower bounds on the Ricci curvature By YOE ITOKAWA	693
Riemannian foliations on simply connected manifolds and actions of tori on orbifolds By A. HAEFLIGER and E. SALEM	706
Homogenizable relational structures By JACINTA COVINGTON	731
Functions with a unique mean value By JOSEPH ROSENBLATT and ZHUOCHENG YANG	744
Manifolds with infinitely many actions of an arithmetic group By RICHARD K. LASHOF and ROBERT J. ZIMMER	765
Transfer of information about $\beta N - N$ via open remainder map By ERIC K. VAN DOUWEN	769
Uniqueness of unconditional and symmetric structures in finite dimensional spaces By P. G. CASAZZA, N. J. KALTON and L. TZAFRIRI	793
Generalization of Myers' Theorem on a contact manifold By D. E. BLAIR and R. SHARMA	837
Angular limits and infinite asymptotic values of analytic functions of slow growth By ROBERT D. BERMAN	845
